PROFESSIONAL EXPERIENCE

Key Account Manager & Legal Operations Specialist

Jan 2025 – Present

AUTOBIA · QASIMA PLUS (BNPL) · RIYADH

- Architected the company's inaugural BNPL merchant agreement from first principles — became the sole contractual standard for all enterprise onboarding, eliminating ad-hoc drafting entirely.
- Owned end-to-end regulatory alignment across every merchant contract, ensuring strict conformity with SAMA BNPL Rules, the Finance Companies Control Law, and consumer data protection requirements.
- Negotiated directly with enterprise merchants on liability caps, risk allocation, and termination clauses — closing complex deals while preserving the company's legal and regulatory standing.
- Built a CLM system inside Zoho CRM covering the full contract lifecycle: repository structure, obligation milestones, renewal triggers, and real-time compliance dashboards.
- Investigated financial-fraud cases and high-stakes merchant escalations, delivering legally precise outcomes through structured coordination with operations, finance, and senior management.

Sales Support & Legal Administration Specialist

Jan 2024 – Jan 2025

AUTOBIA · RIYADH

- Prepared and reviewed commercial agreements, NDAs, and corporate onboarding documentation for BNPL clients — establishing drafting standards that accelerated the sales-to-contract cycle.
- Redesigned documentation workflows across sales, legal, and finance, creating a unified reporting structure that improved audit-readiness and reduced inter-team bottlenecks.
