PROFESSIONAL SUMMARY

Fintech commercial and operations professional with 2+ years inside a live KSA BNPL product (Qasima Plus / Autobia). Blends hands-on Key Account Management, merchant onboarding, and commercial negotiation with practical exposure to contracts support, SAMA compliance, and fraud and dispute resolution — reinforced by an LL.B. (GPA 3.65/4.0) with graduation research on the legal framework underpinning BNPL and installment-sale models. Operates across business development, operational governance, and regulatory compliance in Saudi fintech.

PROFESSIONAL EXPERIENCE

Key Account Manager & Legal Operations Specialist

Jan 2025 – Present

Autobia · Qasima Plus — BNPL Product · Riyadh, KSA

- Owned a portfolio of 70+ enterprise merchants across the full BNPL lifecycle — onboarding, commercial negotiations, account health, and renewals — acting as the primary business relationship owner and driving 44% growth in active merchant accounts.
- Standardized the company's BNPL merchant agreement templates with management, building a repeatable framework aligned with SAMA BNPL Rules that cut average onboarding time by 30%.
- Negotiated commercial terms directly with enterprise clients — SLAs, payment conditions, and termination provisions — balancing acquisition targets against compliance and risk thresholds.
- Reviewed merchant contracts to flag regulatory and commercial risk gaps, coordinating with senior stakeholders to resolve issues pre-execution and reduce revision cycles.
- Built and maintained a contract repository and obligation-tracking system in Zoho CRM, improving visibility into renewals, compliance checkpoints, and merchant milestones.
- Resolved financial-fraud cases and high-stakes merchant escalations, coordinating across operations, finance, and management to deliver structured, policy-aligned outcomes.

Sales Support Specialist

Jan 2024 – Jan 2025

Autobia · Riyadh, KSA

- Prepared and reviewed commercial agreements, NDAs, and merchant onboarding documentation for BNPL clients, improving contract execution speed and consistency across the sales pipeline.
- Streamlined documentation and reporting workflows across sales, legal administration, and finance, creating a unified audit trail that improved compliance visibility and reduced approval bottlenecks.
