

Mohammed Ahmed Baessa

Fintech Commercial & Operations Professional

Riyadh, KSA | +966 50 388 0897 | modahmedb@gmail.com

PROFESSIONAL SUMMARY

Fintech operations and merchant partnerships professional with 2+ years of embedded experience inside a live KSA BNPL product (Qasima Plus / Autobia). Combines hands-on Key Account Management, commercial onboarding, and merchant growth with practical exposure to contract drafting support, SAMA compliance awareness, and fraud and dispute resolution — a commercial profile reinforced by an LL.B. (GPA 3.65/4.0) with graduation research focused on the legal architecture underpinning BNPL and installment-sale models. Equipped to operate at the intersection of business development, operational governance, and regulatory compliance within Saudi fintech.

PROFESSIONAL EXPERIENCE

Key Account Manager & Commercial Operations Specialist Autobia · Qasima Plus — BNPL Product · Riyadh, KSA

Jan 2025 - Present

- Managed a portfolio of enterprise merchants across the full BNPL lifecycle — onboarding, commercial negotiations, ongoing account health, escalations, and contract renewals — serving as the primary business relationship owner.
- Contributed to the drafting and standardization of the company's BNPL merchant agreement templates, working closely with management to develop a repeatable documentation framework aligned with SAMA BNPL Rules and operational requirements.
- Reviewed merchant contracts to identify regulatory and commercial risk gaps, coordinating with senior stakeholders to resolve issues before execution and reduce contract back-and-forth cycles.
- Negotiated commercial terms directly with enterprise clients — including SLAs, payment conditions, and termination provisions — balancing merchant acquisition targets with the company's compliance and risk thresholds.
- Designed and maintained a contract repository and obligation-tracking system in Zoho CRM, improving visibility into renewal timelines, compliance checkpoints, and merchant milestone tracking.
- Led financial-fraud investigations and high-stakes merchant escalations, coordinating cross-functionally across operations, finance, and management to deliver structured, policy-aligned resolutions.

Sales Support & Business Operations Specialist Autobia · Riyadh, KSA

Jan 2024 - Jan 2025

- Supported preparation and review of commercial agreements, NDAs, and merchant onboarding documentation for BNPL clients, improving contract execution speed and consistency across the sales pipeline.
- Redesigned internal documentation and reporting workflows between sales, legal administration, and finance — creating a unified audit trail that improved operational compliance visibility and reduced approval bottlenecks.
